

Mr. Speaker, Boko Haram has launched a terrifying slew of attacks that have killed more than 109 people in the last 2 weeks. As its ties to the jihadi group, the Islamic State, strengthen, Boko Haram becomes an even greater global and domestic threat. Boko Haram and ISIS have now joined together.

We must act now to ensure that our young people are not enticed by this terrorist group. I can see African American children this summer become infatuated and move in that direction. These extremists exploit this, filling young people's heads with terrible lies and destructive ideas.

Every day that Boko Haram is left undefeated is one more day that our young people are at risk. We are in danger. Tweet, tweet, tweet #bringbackourgirls. Tweet, tweet, tweet #joinrepwilson. We must destroy Boko Haram and ISIS.

THE INNOVATION ACT STIFLES INNOVATION

(Mr. MASSIE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. MASSIE. Mr. Speaker, I ask my colleagues to think about where the hotbeds of innovation are in this country. They are at universities, where students and professors come up with new ideas. They are at our startups, where inventors and entrepreneurs pursue their dreams late into the night, toiling away, backed by venture capitalists who fund their dreams and their ideas.

But why would venture capitalists, entrepreneurs, inventors, and universities be against a bill called the Innovation Act? I will tell you why. Because the Innovation Act stifles innovation.

Mr. Speaker, would you take a lawnmower to your flower garden if you saw a weed in it? I sure wouldn't, but that is what the Innovation Act does. It will destroy and degrade our patent system in this country.

I urge my colleagues to vote against the Innovation Act, H.R. 9.

RECOGNIZING LG ELECTRONICS' COMMITMENT TO THE ENVIRONMENT AND RECYCLING

(Mr. DOLD asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. DOLD. Mr. Speaker, I rise today to recognize LG Electronics for winning the Institute of Scrap Recycling Industries' Design for Recycling Award.

Recycling is one of the most consequential activities each and every one of us can do on a daily basis to protect the environment and conserve natural resources. Contestants in the ISRI's Design for Recycling are some of our country's largest and best manu-

facturers, all working to preserve our environment by improving the recyclability of their products.

Mr. Speaker, the vast majority of recycled material comes from items such as automobiles, refrigerators, old tires, and electronics such as televisions and computers. This year, LG Electronics won for their 4K Ultra HD OLED and LED TVs. These TVs include innovative new technologies that were designed with recycling in mind.

Mr. Speaker, I am proud to join the ISRI in recognizing LG Electronics for their commitment to the environment and recycling.

CELEBRATING THE LIFE OF CAPTAIN JOHN J. DEARBORN

(Mr. GUINTA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. GUINTA. Mr. Speaker, I rise today to celebrate the life, service, and valor of Captain John J. Dearborn, a Granite Stater, family man, and American hero.

Captain Dearborn, a lifelong resident of Deerfield, was New Hampshire's oldest living U.S. marine, having served in World War II as a Corsair fighter. During his service, Dearborn witnessed history in the making, having seen the final Japanese surrender aboard the USS *Missouri* on September 2, 1945, marking the end of World War II.

Dearborn remained as an active member of the veterans community and just this April traveled from Manchester, New Hampshire, to Washington, D.C., to participate in an Honor Flight with other veterans from around the Nation. His service, legacy, and courage live on.

We will never forget the service and sacrifice that Captain Dearborn made for our freedoms and our liberty. It is because of our Nation's heroes like Dearborn that our Nation remains the land of the free and the home of the brave. For that, we are forever grateful.

CONGRATULATIONS TO MARISSA BARTELS

(Mr. EMMER of Minnesota asked and was given permission to address the House for 1 minute.)

Mr. EMMER of Minnesota. Mr. Speaker, I rise today to congratulate Marissa Bartels on winning an astounding four gold medals at the recent Minnesota State track and field meet.

Marissa was born with spina bifida but refuses to let that slow her down. In middle school, when no longer able to participate in the sports she knew and loved, Marissa discovered wheelchair sports. This was her third year participating at State, and Marissa dominated, winning the 100 and 800 meter races as well as shot put and discus.

Marissa's athletic abilities extend beyond track and field. She is also a na-

tional champion in baseball and basketball. It is no surprise that this impressive competitor will be heading to the University of Wisconsin-Whitewater in the fall as a student athlete.

Best of luck and congratulations, Marissa. You are an inspiration to each of us to never give up, no matter what obstacle or adversity we may face.

LET'S DELAY IMPLEMENTATION OF THE NEW CFPB RULE

(Mr. COSTELLO of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. COSTELLO of Pennsylvania. Mr. Speaker, I rise today relating to the new CFPB rule combining the Real Estate Settlement Procedures Act and Truth in Lending Act disclosure that is scheduled to take effect on August 1.

On behalf of home buyers across this country, the real estate industry has requested a grace period or hold harmless period for 90 days. To date, the CFPB will only commit to saying they will have relaxed enforcement for a period similar to that of the qualified mortgage/ability to repay rule.

Now, leaving aside whether this rule will provide more clarity or more confusion to the real estate purchaser, leaving aside whether it will provide more protection to buyers or be more problematic for them to close on a real estate transaction, I want to focus on the August 1 deadline.

I spent 10 years in the real estate industry working with real estate agents, banks, mortgage professionals, title insurance agents, and it is well known that June, July, and August tend to be the most active months for real estate transactions. Changing disclosure requirements in the middle of the busiest part of the calendar year for real estate deals causes difficulty for those involved in conducting settlements. And changing them without the ability for professionals to test their systems and procedures doesn't make much sense, either.

It is also unfair to consumers in that you are compelling their retained professionals to receive the training during the busiest months, implement new procedures, and account for unanticipated disruptions. Any hiccup along the way is actually to the detriment of the consumer.

Let's make the rule effective in January or February of 2016, which are historically the slowest months of the year, and when it is most fair to real estate consumers.

HONORING ALL THE ROSIE THE RIVETERS

(Mr. FITZPATRICK asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. FITZPATRICK. Mr. Speaker, Mae Krier of Levittown, Bucks County, Pennsylvania, was a young woman
